For a

Cover Crop and Erosion Control Field Day!

Sponsored by UC Cooperative Extension Farm Advisor Lynn Wunderlich
 Co-sponsored by the Sacramento/Amador Water Quality Alliance, and the
 El Dorado Agricultural Water Quality Management Corp.

with special guest speakers

- Dave Steiner, Napa RCD:** erosion control methods for steep vineyards
- Glenn McGourty, UCCE Mendocino/Lake:** cover cropping strategies
- Ann Kraemer,** grower and owner of Shake Ridge Vineyards and Yorba Wines
and our local NRCS/RCD representatives

Ann is a respected viticulturalist who has thoughtfully planned her vineyard in Amador County to produce quality fruit sustainably. She has planted a “no-till” (competitive) cover crop that is mowed for management as well as a tilled in cover. With the help of erosion control expert Dave Steiner, she has also installed diversion dams, straw waddles and used the “soil lost” equation formula to minimize erosion.

Join us for a special opportunity to discuss how to implement these methods and whether these strategies make sense for you in your location.

Registration will begin at 1:30. Program will begin at 2:00.
