## How you can help build a lasting legacy for Ione

### Volunteer

There are literally countless opportunities to aid the Pride of Ione Foundation with its mission. Whether you are able to help with our events or you have the time to assist on a regular basis, a rewarding and invaluable experience awaits you.

### Membership

By becoming a member with your tax-deductible donation, you will help us keep the history of Ione alive for future generations. We offer many levels of support. Signup forms and a full list of membership benefits are available on our website at [www.prideofione.org](http://www.prideofione.org).

### Sponsorship

Without funding from area businesses and organizations, many of our projects wouldn't be possible. For more information on becoming a sponsor, please contact us by phone or email.

## Our Mission

The Pride of Ione Foundation believes that an understanding and appreciation of our history is essential to maintaining a unique and meaningful identity as a community.

By preserving our past we assure that this legacy is passed on to future generations and it will shape our future through a shared understanding of our history.

We accomplish this by:

### *Collaborating*

and partnering with local and regional individuals, business and institutions, both public and private to promote awareness of Ione's past, present and future.

### *Creating*

engaging and educational programs of the history of Ione and its citizens by providing living, interactive historical archives that everyone can access and anyone can contribute to.

### *Completing*

projects that foster Community Service and benefit the community today and that all ages can actively participate in

### *Celebrating*

Ione and its citizens by providing opportunities for the community to gather. We continually seek fresh ways to connect people to history.

**preserving history  
sharing memories  
connecting people**

## Fulfillment

We are building a living legacy for Ione by:

**Bringing history to life with video documentaries accessible by everyone**

**Bringing buildings to life with QR codes**

**Bringing awareness with historical kiosks**
